RIGHT OF ENTRY

The University reserves the right to enter living spaces after notice for the purpose of inspection, verification of occupancy, safety, health, maintenance, or in the event there is evidence of violations of University rules and regulation. The University reserves the right to enter living spaces without notice as provided in this Agreement or as allowed by University policy. This may include, but is not limited to, Northwood University Residence Life & Housing Department administration and staff, Physical Plant Department staff and STT security officers.

ROOM CHANGES

The University observes a four-week room freeze at the beginning of each semester. When the four-week room freeze is over, students have the following options to request to change rooms:

Option 1: Roommate Conflict

Northwood University does not encourage room changes. Part of the growth process in university housing is learning to coexist with peers. Following the four-week room freeze, if students find themselves having conflicts with their assigned roommate and would like to be considered for a room assignment change, the following is the process students should follow to resolve any issues:

- 1) Sit down and talk with roommate in person (not via text message, Snapchat, etc) to discuss any conflicts or issues within the room and discuss resolutions.
- 2) If a direct conversation with a roommate did not resolve the conflict, the student should schedule a meeting with their Resident Advisor (RA) to discuss roommate issues and possible solutions.
- 3) The resident advisor will schedule and mediate a meeting with the students having the conflict.
- 4) If the meeting with the RA does not resolve the conflict, the RA will speak to Res Life staff to schedule a meeting that will include all students involved in the conflict, the RA, and members of Res Life staff.
- 5) If the conflict persists, only then can a room assignment request be made for the Housing department's consideration.

Option 2: Single Room

If a student in Miner or Dubois finds themselves in a room alone, they may request the room be converted into a single room via e-mail to housingoffice@northwood.edu. Single rooms will have a upcharge per semester. The student will receive an e-mail back from the Housing Office indicating if the request has been approved.

Option 3: Open Space

- 1) If there is an open spot in a room or apartment, the resident(s) of that room or apartment can choose to “pull in” a student of their choosing. All residents living in the room, suite, or apartment must e-mail housingoffice@northwood.edu to put in writing that all parties are okay with the move.
- 2) Once all emails have been received, residents will receive an e-mail indicating if the Housing Office has approved the move. Residents may not move until an e-mail has been received indicating the outcome of the request.

****Students should not facilitate any room changes among themselves. It must go through the Housing Office. Keys may not be handed off from one student to another. All key changes must go through the Miner Key Office.**

ROOM DAMAGES

Room damages should be reported through the Physical Plant Work Request form on Blackboard as soon as they occur. Any deliberate or student-caused damages in excess of normal wear and tear will be charged to the student. Room inventories are taken prior to the beginning of each academic year and at the end of each academic year. Damages in excess of normal wear and tear will be charged to the students account within 30 days after vacating the room. Repair costs will be shared equally among the occupants of the assigned residence hall if the responsible person(s) cannot be determined.

ROOMMATES

Students may request a roommate or be paired with a student with similar interests. Students will complete an Interests and Personal Preferences Survey as part Housing and Food Services Contract to assist with roommate placement. Students with specific roommate and/or suitemate requests must complete the “Roommate/Suitemate Request” section on the Housing and Food Services Contract.

SELF-DESTRUCTIVE BEHAVIOR

Self-destructive behavior shall be understood to mean and include attempts or threats on part of the individual to end their life or to inflict serious bodily harm on themselves by any means capable of producing such a result. Attempted or threatened suicide or

self-inflicted physical harm is a form of student behavior with which the University is unsuited to cope with on any but the most temporary basis. While the institution aims to provide students with a great deal of individual freedom to think, speak and act, physically destructive behavior cannot be ignored. All cases/complaints involving self-destructive behavior must be reported to the Dean of Student Affairs.

SERVICE/EMOTIONAL SUPPORT ANIMALS

Contact Disability and Accessibility Services for accommodations at least 30 days prior to bringing animal to campus. <https://www.northwood.edu/compliance/disability-services>

SMOKING

Smoking is prohibited in several areas on campus, including within all on-campus residential complexes. Smoking is also prohibited in all University buildings. Smoking includes cigarettes, e-cigarettes, vapes, etc. You must remain at least 25 feet from all University buildings while smoking or you will face disciplinary actions. Repeated violations of this policy can lead to removal from University Housing.

SPORTS IN RESIDENTIAL COMPLEXES

Skateboards, rollerblades, longboards, scooters, electric scooters, bicycles, etc. are welcome on campus, but may not be chained within stairwells, balconies, or in hallways. Students are not allowed to play sports in or ride wheeled transportation through hallways. If wheeled forms of transportation are stored in residents' rooms, they must be walked, not ridden, while in the building.

No gas-powered, motorized vehicles are allowed to be brought into any campus building.

STUDENT BEHAVIOR

Admission to Northwood University obligates each student to abide by regulations for acceptable student behavior. All students are expected to conduct themselves as responsible members of the University community and to respect the rights of fellow citizens. Northwood University regulations may apply to behavior off campus as well as on campus. Violations of the regulations may result in disciplinary action by both the University and civil authorities. Students at Northwood University are also responsible for the behavior of their guests. Students may be charged through the disciplinary process for the actions of guests who violate the rules and regulations of the University. All students are required to abide by the Student Handbook.

STUDENT ID

All Northwood University students are required to have their Student ID on them at all

times. Students may be required to show their Student ID's to STT Security, Resident Advisors, and/or Northwood University Officials. Failure to present their Student ID may result in a sanction.

Student IDs are also used to gain access to residence halls. No student should allow another person to use their ID.

SUSPENSION AND/OR PROBATION

When a student has violated a Northwood University policy or regulation, the student may be placed on Social Probation by a Northwood University official or administrator. Social Probation can last from one week to two semesters. In some emergency situations, it may be necessary to consider emergency suspensions. At the discretion of the Dean of Student Affairs and/or the designee, a limited action for suspension can be imposed upon a student prohibiting on-campus residence, the use of certain facilities and/or attendance/participation at University functions.

THEFT

Northwood University is committed to the protection of personal and community property and will discipline those individuals who violate the provisions of this regulation. No student shall steal, attempt to steal, or assist in the theft of any money, property, or item belonging to another individual. No student will illegally use or appropriate any property that belongs to another individual.

TITLE IX SEXUAL HARASSMENT

Members of the University Community have the right to be free from all forms of Sexual Harassment which impede the realization of the University's mission. All members of the University Community are expected to conduct themselves in a manner that maintains an environment free from Sexual Harassment. As such, Northwood University does not discriminate on the basis of sex and is committed to providing an educational environment free from sex discrimination.

Sexual Harassment is defined broadly under this Sexual Harassment Policy. Sexual Harassment includes Sexual Assault, Sexual Harassment, Non-Consensual Sexual Contact, Non-Consensual Sexual Intercourse, Sexual Exploitation, Sexual Misconduct with a Minor, Child Molesting, and sex discrimination, as defined below. Sexual Harassment is a violation of University policy, state and federal civil rights laws, and may violate state and federal criminal laws. When an allegation of Sexual Harassment is brought to an appropriate individual's attention, and a Respondent is found to have violated this policy, the University will issue appropriate sanctions to prevent future misconduct.

The University reserves the right to take whatever measures it deems necessary in response to an allegation of Sexual Harassment in order to protect the rights and personal safety of Students, employees, and other members of the University Community. Such measures include, but are not limited to, modification of living arrangements, interim suspension from campus pending a hearing, and reporting the matter to local police. Not all forms of Sexual Harassment will be deemed to be equally serious offenses, and the University reserves the right to impose different sanctions, ranging from verbal warning to expulsion, depending on the severity of the offense. The University will consider the concerns and rights of both the Complainant and the Respondent.

TRASH/RECYCLING/RETURNABLES REMOVAL

North Village Apartments, Miner and Dubois Halls are equipped with trash rooms located within each hallway. Residents of Naegele Village are provided with dumpsters inside of Naegele Circle. Residents should never leave trash outside their apartments or on balconies. Failure to properly dispose of trash will result in monetary fines to the responsible resident(s) and/or the entire apartment. Anything that should normally be discarded should not be used as decoration (i.e., empty cans and cardboard boxes).

No student shall enter or remain in a room, office, or restricted area under control of another student, faculty member, or Northwood official except by permission or invitation of that student, faculty member, or Northwood official.

Misuse of alcohol and/or other drugs interferes not only with students' academic and co-curricular performance, but with their emotional, physical, mental, and social development. Being an educational entity, Northwood University attempts to provide a caring and supportive learning environment for each student. This environment is recognized as the first step in preventing an individual from becoming harmfully involved with drugs of any kind, including alcohol.

The distribution, use, or possession of substances which violate state or federal laws are subject to disciplinary action by Northwood University. The University expects students to be aware of their personal conduct and to maintain standards and responsibility, both on and off campus, in regard to alcohol consumption. The University also encourages students to be informed about drugs and any problems that may occur as a result of their use. For more information, please visit www.northwood.edu/compliance.
